Wear a smile—it is warmer in winter and cooler in summer.

Rev. D. F. Swindle, of Lexington will preach at the Baptist Church next Sunday morning and night.

Ten million men have been killed, wounded, captured or are missing in the European war, according to figures just compiled. The number of dead is said to be more than 4,400,000.

"The choice of books, like that of the choice of friends, is a serious duty. We are as responsible for what we read as what we do." And it may be added that we are largely responsible for what our children read.

I wonder where they get 'em—all those styles. These windows full of fashions by the miles; Wonder whose imaginations Figure out the waist creations To add unto our grave financial trial.

If we were to read something like this we would know at once the bridegroom was a man of wealth; "The bride carried a beautiful bouquet of spinach and wore around her neck a string of genuine potatoes, with a cauliflower pendant, the gift of the groom."

ANOTHER BREAKFAST BACON TALK

Braces a person up for the work of the day. Nothing else is so satisfying, nothing else supplies an equal amount of energy to "do things"

PROVIDING--- the Bacon is mild, sweet and nicely streaked with fat and lean.

Now you might think it was an easy matter to find such Bacon—BUT IT ISN'T. Most Bacons are too salty, or too fat or too lean, or too something or other. If you prefer something just right we can give it to you.

Our Bacon can be served to children as well as grown-ups. It can be enjoyed by the office worker as well as the outdoor laborer. Try an order.

ATTRACTIVE CAR.

Mr. Roy M. Arnold, of Danville, was in town one day this week exhibiting the 1917 Chevrolet car, for which he has the agency for Boyle and Garrard counties. This good car has many admirers and users in this and adjoining counties, owing to its well built qualities and medium price.

WOODS-PRATHER.

The marriage of Miss Mary Woods to Mr. Cecil Prather came as a surprise to their friends. They were married in Stanford by Rev. Early and after the ceremony motored back to Lancaster. Miss Mary is a daughter of Mrs. Garrett Woods and Mr. Prather is a prosperous young farmer of the Buckeye section, both are popular, counting their friends by their acquaintance.

HAD THINGS HIS OWN WAY

Hon. J. R. Mount of Lancaster, was the only one of the Senatorial aspirants here at court Monday and he had things his own way. Representative H. Clay Kauffman, of Lancaster, was at his post at Frankfort and Hon. Jay Harlan of Boyle, was at Frankfort arguing a case in the Federal court. Mr. Mount told the I. J. that he was more than pleased with conditions in his race and that he had many new pledges of support given him while here—Interior Journal.

BOTH GAME FIGHTERS.

That Lincoln county will have one sure enough scrap in the August primary is certain since Will S. Burch, the present County Attorney, has become a candidate for re-election and the Democratic renomination. Although a cripple Bill Burch can fight it out with the best of them on the hustings and in the political game he is a past master. His opponent is Judge John Sam Owley, another game fighter, and the contest between these two will attract attention wherever they are known—Louisville Times.

BANK STATEMENTS.

In this issue of the Record is printed the financial condition of the Citizens National Bank and The National Bank, at the close of business, March 5th. These are the best statements we have ever printed and we dare say are the best that were ever printed by either bank, in the past ten years. The individual deposits of the National Bank show \$301,583.70 and the deposits of the Citizens Bank about \$250,000. Both banks are in a flourishing condition, showing large surplus and undivided profits.

SORELY AFFLICTED.

Mr. W. L. Prather who lives in the eastern section of the county, near Nina, is critically ill of pneumonia. His wife has only recently recovered from a serious attack of typhoid fever and at this time has a son in the hospital at Richmond in a serious condition. About one year ago Mr. Prather lost a daughter from diphtheria and a few months ago lost a twelve year old son, from drinking too much whiskey, which he had found in a bottle near the home. Mr. and Mrs. Prather have the sympathy of the community in their sore affliction.

BIRTHDAY DINNER.

Mrs. Ross Bastin entertained at an elegant dining Monday in honor of her father, Mr. Will Lear. The splendid dinner and congenial friends seated around the festal board were honoring the 65 years that had been passed by Mr. Lear. Judging by his happy face, and no grey hairs, these have been happy years with every promise of many more. Those asked to dine with him were F. M. Tindler, V. A. Lear, H. V. Bastin, A. H. Bastin, Ross Bastin and W. L. Dudderar of Lincoln.

The Record extends congratulations and best wishes of many happy returns of natal day to Mr. Lear.

ILLITERACY CELEBRATION.

At Manchester, up in Clay county, not long ago, there was a celebration which probably stands without a parallel in history. The ranking feature was a parade. At the head of the column "Uncle" Ed Stivers, 69 years of age, carried an American flag. In the imposing line, he was next to the oldest scholar—for every one of the 667 men and women were beginners in school.

They were celebrating their emancipation. They had learned to read and write. They were a battalion of the army which the Kentucky Illiteracy Commission is delivering out of bondage. "No Illiteracy in Kentucky In 1920" is the slogan of the movement. The aim for 1916 was to teach 2,500 persons to read and write.

What is Garrard doing to forward this movement? Are we doing anything to deliver our state and county out of the hard of illiteracy?

COUNTY ATTORNEY

BUYS FARM.

Swinebroad, the Real Estate Man, reports that he has just sold to County Attorney G. C. Walker for Sam Cotton his farm of 122 acres for \$11,500.00. This farm is located 1 mile from town and has a fine frontage on the Stanford pike and while it has no improvements except a large barn it is one of the most desirable farms near town and we think Mr. Walker showed good judgment in the purchase.

READING AT SCHOOL

AUDITORIUM.

Miss Alta Hammond, the pretty and attractive daughter of Mr. Joe Hammond, of this county, will give a reading at the school Auditorium Saturday night at eight o'clock. She will read from that intensely interesting book "Molly Make-Believe". Miss Hammond is just from a school of expression and we are sure the evening and small price of admission will be pleasantly spent by those who attend. For only 15 and 25 cents we can assure you an enjoyable evening.

MAKING MONEY

AND FRIENDS.

Mr. Joe S. Haselden, who is the chief live wire with the Consolidated Realty Company, writes friends here that he is riding on the high wave of prosperity, having just closed a sale at Holly Grove, Ark, where he had just sold \$8,000 worth of lots and had the cash. These lots were purchased as a whole a few weeks ago for \$3,000, leaving a net profit for Mr. Haselden of \$5,000. Mr. P. W. Wells, of this county is associated Mr. Haselden and their friends "back home" are proud of their success. Their next sale of lots will be at Lebanon Ky.

IN LOVING MEMORY

Of Mrs. Jane Denny Robinson

Mrs. Jane Denny Robinson died at her home on Richmond street Wednesday morning, her death following a stroke of apoplexy which she suffered two weeks ago, only regaining consciousness at short intervals and recognizing the loved ones at her bedside long enough to show love and appreciation. In this manner the spirit lingered in its house of clay until 6:30 o'clock yesterday morning, when the silver cord was loosened, the golden bowl broken, and her beautiful spirits set sail on that sea whose bosom has never borne the image of a returning sail.

Mrs. Robinson was one of the best women it has ever been our privilege to know and love. Her whole life was one long exhibition of unselfish devotion to others.

In that quiet circle in which she moved she shed the rays of a great love on all about her. Modest and unassuming, she found her greatest happiness in the happiness of those she loved. To her young friends was she especially attached, and she basked in the sunshine of the adoration of their hearts. She was a true Christian in the fullest meaning of the word. At an early age she gave herself to her Lord, being reared in a Presbyterian family she first joined that church to which she was ever devoted, but being a real daughter of Israel in her early married life she said: "Thy people shall be my people" and united with the Christian church with her devoted husband. Her lamp was ever trimmed and burning and she was ready to answer the last call. Often in her last days she was heard to say: "I am living so close to Jesus and I am ready to go."

A simple faith, a lasting fidelity and a heart full of love and charity sum up the characteristics of this good woman. There could be no more illuminating illustration of her character than incidents that have occurred this winter when she would hand to a friend some money and ask that it be used for some one in distress.

Today as she lies on her bier in her home, hallowed by her presence, she will be surrounded by a throng of spirits of those to whom she gave of her bounty and her love.

Mrs. Robinson was born Nov. 13th, 1837. On Feb. 12th 1863 she was united in marriage to Mr. Alex. C. Robinson. Mr. Robinson died Jan. 6 1912, having lived a peaceful, happy married life, their only sorrow being when they lost their first born, their son, Finley, just as he attained young manhood. Their family now grown, are all useful citizens attesting the characters of this worthy couple. They are Mrs. Joe Paxton of Stanford, Messrs. Jake, Fleece and George Robinson.

The funeral services will be conducted tomorrow, Friday, at her late home at 2:30 o'clock by Elder F. M. Tindler and H. S. Hudson, after which interment will take place in the Lancaster cemetery.

FLY THE FLAG

The Baltimore Sun sets forth the reasons for this in definite terms. Nothing can be added to its remarks. They follow:

"These are days in which it is almost as essential to show your patriotism as it is to feel it. These are days in which every man ought to realize all that his American citizenship is, all that it involves, all that it demands of him. Life, liberty and the pursuits of happiness these were hackneyed words yesterday; today they are full of meaning.

"The flag is the symbol of our Government. It stands for freedom, for opportunity, for equality. It stands for sacred rights which the heroic men of the nation have maintained in parliamentary halls and diplomatic conferences and on red battlefields. It is something high and holy.

"So raise the flag over your house or your business building. It will make every man who passes by feel his Americanism a little more keenly. It will stimulate the spirit of patriotism. It will help us all to realize that we are one people, owing allegiance to one Government, moving unitedly to one goal. And it may strengthen the resolution of those who pass by to live for the flag, and, if necessary, to die for it."

GOOD LAW PROPOSED

Would Abolish a Nuisance and Protect the Public from Impositions.

The proposal of Senator Huntsman that the Legislature enact a law taxing the concessions for tipping at the cloak rooms racks of hotels, restaurants and similar places has caused much interest in Louisville. It is estimated that the proposal would mean a license of about \$1,000 a year for each privilege and would end this lucrative enterprise.

The system which the proposed legislation would abolish or at least give the state a chance at the "rake off," has long been under censure. Although the tips which are given at the cloak rooms and racks are received by smiling young girls, who presumably keep them, such is not the case. These are turned over to the local manager of the foreign syndicate which has purchased the concessions, and the girls are paid a straight salary of \$35 a month.

The checking tipping privilege at the Seelbach is owned by a Buffalo syndicate. Those at the Hotel Henry Waterson, Old Inn and Maganolia Garden are controlled by a Chicago concern, which has similar connections all over the country, and that at the Tyler by another Chicago firm. It is said that the contract with The Seelbach nets that hotel \$1,900 a year, the Hotel Henry Waterson \$600 and the Old Inn \$750 a year.

COM-CEL-SAR

THE GREAT ROOT AND HERB MEDICINE.

Bright and Happy Childhood Restored to Health Through The Use of COM-CEL-SAR.

Dear Sirs:—

I wish I could make other men understand how grateful I feel for the great benefit COM-CEL-SAR and your Cheyenne Indian Remedies have been in my family. Both of my boys were weakly, puny, sickly, troubled with worms, fever, cough, catarrh, constipation, complaining of terrible pains in all parts of the little bodies, indigestion and their little stomachs would flat terribly. We had tried every thing we could hear of; nothing did any good, when we began using COM-CEL-SAR. You cannot know the joy we felt when both boys began to have refreshing sleep, pains stopped, indigestion stopped. They began to play, look rosy cheeked and gained flesh, worms quit bothering them; in fact they were like different boys altogether. My wife has derived wonderful results from the Roots and Herbs, in fact we are herbalists now, using nothing but Root and Herb medicine in the home.

Yours Truly,

Geo. M. Guelda.

(Grocer) 733 Vine St. Louisville, Ky.

The human mind can never fully ramify the depths or heights of the mighty power of Nature. Through Nature we have our being. Nature provides feed, clothing, air, water, sunshine for the maintenance of life and for disease, Nature supplies the only rational, successful and radical cure through Roots and Herbs. It is not guess work empiricism, but is a proven fact, as attested by Mr Guelda and hundreds of others who have been cured.

Then, why will you neglect the chance to cure yourself when it can be done so easily by the use of the God given Roots and Herbs. Neighbors and friends, there is no longer room for doubt in the mind of any sane person, no question as to the tremendous power to overcome disease posesses by our wonderful Cheyenne Indian Remedies and COM-CEL-SAR.

Will you suffer or will you be healed? This question is put directly to you reader, and it applies not only to you, but to those who are dear to you. It applies to every member of the human race with awful force, for disease is the greatest enemy of mankind and Roots and Herbs is the only successful weapon you can secure. Send for the great book, "The Cowboy Herbalist" study it, learn the great possibilities held out to you, then act. Sold at

RHEUMATISM CAN NOT BE 'RUBBED AWAY.'

Eminent medical authorities agree to the fact that Uric Acid is the base of ALL RHEUMATIC TROUBLES.

Temporary relief from the suffering may be afforded by the use of Sodium Salicylate, Iodides, Plasters, Liniments, Hot Baths, etc., but the cause must be eradicated before permanent relief can be expected.

The Cause Must Be Destroyed

At no season of the year is one free from the dangers of Rheumatism.

Changes in weather precipitate this acid in exposed parts and intense suffering is the result.

To be entirely free from RHEUMATIC TROUBLES, the EXCESSIVE amount of URIC ACID must be completely eliminated from the system.

ARLO REMOVES THE CAUSE

ARLO, the New Wonderful Remedy, will not only cause a free excretion of the URIC ACID from the system, but will prevent an increase in the production of this poison, and eliminate the future possibilities of Rheumatic troubles.

The action of ARLO corrects and strengthens the KIDNEYS, which have become weakened by their over-action while attempting to pass the excessive RHEUMATIC ACID from the system.

ARLO is sold exclusively in Lancaster by Stormes Drug Store.

Once to ever man and nation comes the moment to decide

In the strife of truth with falsehood for the good or evil side!

Some great cause, God's new Messiah, offering each the bloom or blight,

Puts the goats upon the left hand and the sheep upon the right,

And the choice goes by forever 'twixt that darkness and that light.

(James Russell Lowell.)

DON'T WASTE TIME

It's a waste of time to experiment with liniments and plasters when you have a dull, throbbing backache or sharp, stabbing twinges. Get after the cause! Help the kidneys with Doan's Kidney Pills. Read this

John Trimble, Stanford Pike, Lancaster, says: "I have used Doan's Kidney Pills with benefit when my kidneys have been out of order. I suffered from weakness and dull pains across my back and loins. At times I could not do any stooping or lifting on account of the sharp pains in my back. My kidneys acted irregularly. Doan's Kidney Pills relieved the pains in my back and put my kidneys in good condition."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Trimble had. Foster-Milburn Co., Buffalo, N. Y.

BRIGHTEN YOUR CORNER

Whatever you may think of Billy Sunday, the world is somewhat indebted to him for the spreading of the idea in his famous song, "Brighten the Corner Where You Are."

Things may be going, as many believe, to the demerit bow-wow; but the big green ball will be just a little bit better if you do your share toward making it so.

The whole darn office may have a grouch, but if you smile and keep on smiling the rest won't seem so grouchy.

Wife may be out o' sorts, and the coffee may be weak, but if you grin and bear it uncomplainingly things won't be so bad.

Your street may be a string of hovels, but if you plant flowers and vines on your corner, the entire block will be improved.

Hypocrisy may be rampant on this earth, but if you are honest and straightforward your example will set 'em going your way.

All together, now—

"Brighten the corner where you are!"

A BILL WE CAN'T PAY

A ten-year old boy overheard a conversation about certain bills to be paid, and conceived the idea of making out a bill for his own services. So the next morning he laid this statement on his mother's breakfast plate: "Mother owes Willie for carrying coal six times, twenty cents; for bringing water lots of times, thirty cents; for going on errands, fifteen cents." His mother read the bill but said nothing about it. That evening Willie found on his plate the seventy-five cents and also another bill which read as follows: Willie owes his mother for his happy home for ten years, nothing; for his food and clothing, nothing; for nursing him through a long illness, nothing; total nothing." When Willie saw the seventy-five cents he was pleased. But when he read his mother's bill his eyes grew dim and his lips quivered. Then he took the money to his mother, threw his arms about her neck and begged that she would let him do lots of things for her.

Mother's bill is rarely presented, but it will pay each person to think it out and over for himself and then pay it in love and services.—Exchange.

A COMMENDABLE PRAYER.

We do not know who Homer McKee may happen to be, but certainly Homer McKee's prayer, as published by the Kansas state board of health, is something that would be worth while for all of us to consider; and if we commit the principle to heart we cannot go far astray. Here it is:

Teach me that 60 minutes make an hour, 16 ounces one pound, and 100 cents one dollar.

Help me to live so that I can lie down at night with a clear conscience, without a gun under my pillow and unharmed by the faces of those to whom I have brought pain.

Grant, I beseech Thee, that I may earn my meal ticket on the square, and in doing thereof that I may not stick the gulf where it does not belong.

Deafen me to the jingle of tainted money and the rustle of unholy skirts. Blind me to the faults of the other fellow, but reveal to me my own.

Guide me so that each right when I look across the dinner table at my wife, who has been a blessing to me, that I will have nothing to conceal.

Keep me young enough to laugh at my children and to lose myself in their

MR. FARMER

When you do a hard days work you expect a square meal, three times a day, and it is perfectly right that you should be well fed, and if you do not get this food, you do not feel able to do what is expected of you, so it is with your team, they too must have good feeding

at regular intervals. We carry a good stock of ALFALFA Horse and Mule Feed,

Corn and Oats Chop

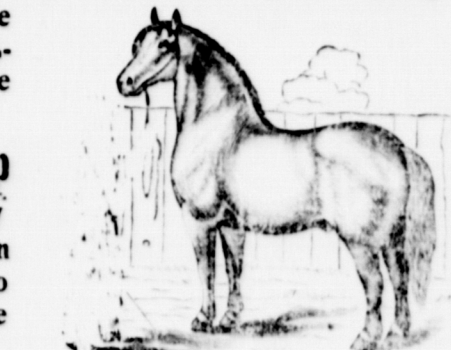

e Oats and Timothy

Hay and when you feed on these products, your team has the pep and getaway that you desire and will do all you want them to and be ready next day to do the same amount or more work than the first day.

For the milk cow, we have a good high grade dairy feed containing products best adapted to production of milk. Also pure wheat bran, and mixed feed, commonly known as ship-stuff, and cotton seed meal. A small quantity of this is very good for the cow and makes more butter.

For the hogs, brood sows and growing pigs, we have 60 per cent protein tankage, wheat middlings, wheat bran and rye middlings. These need not be recommended to you, just talk with any neighbor who has used these products as we directed and you will be convinced. We have sold them for two years, and our sales have constantly increased, which is evidence in itself that they are what you need. Our first sale to you will be repeated many times.

Don't fail to call and see us when in town, we like to have you and offer you every assistance for better farming.

SHALL GEORGE DO IT

I wonder if all who are boiling with just indignation over the action of the "little group of willful men" who sought to tie the hands of the Government, realize that they themselves belong in that group if they object to universal military training? That group voted exactly as they should have voted if they were opposed to universal military training.

This doctrine, that someone else ought to take an interest in politics and government and purify it, that someone else should fight our battles for us, will be the ruin of this republic. It seems to be forever "someone else" who is expected to do things for themselves.

Some ask, "Why tax everybody?" Why not select 10 percent of the people to pay our taxes for us and excuse the rest? Why not select 10 per cent to fight for us? What 10 percent, should be selected—the hirelings? If those who argue this way had lived at the time of the Revolution they would have voted to hire Hessians to fight for American independence. When Rome depended on hired soldiers the beginning of her end was at hand. Nothing more undemocratic or dangerous can be imagined than to have one special hired military class permanently set apart to undertake our common defense.

Why should we allow another to fight our battles for us any more than we should accept charity from him to support us and our families? Those willing to receive military charity reply in effect: "Let some mysterious half a million men other than us, found in some equally mysterious way, learn service and form an advance guard to defend us. Then, when it is too late for us to learn the highly technical game of war we will volunteer."

Last June at my class reunion at Yale I found that a number of college boys had enlisted to protect their country on the Mexican border. A father who had allowed his two sons to begin previous preparation for the service and then enter it, said to me: "I have done nothing more than my duty to my country, but why should my two sons go to protect that vast number of hogs who want to enjoy their trough at home? Is military service merely a game to sacrifice the unselfish?"

Let us admit at once that this "little group of willful men" represent our views if we are opposed to universal military service. The meanest men in our republic are those who say: "Let George fight our battles for us." If such are in the majority, then this republic will go the way of Rome.

Parents have their love for their child increased in proportion as they do more for it. The best way to increase patriotism is to have citizens do something for their country. Flag waving and talking are not enough.

For Assessor
EUGENE BERKELEY

DEAN.

Mr. J. Harvey Dean a prominent farmer, died at his home near Bryansville Tuesday night. Though he had been in poor health for some time his death came unexpectedly. Possessing some of the noblest and finest qualities, staunch and true to his friends he will be greatly missed in the community in which he lived. Though 78 years old the 13th of last Nov. he was youthful in spirit, being a great lover of boys, all of whom called him "Uncle Harvey". He is survived by his wife, a son and a daughter, Mr. Charlie Dean and Mrs. Carter Sellers. He moved to Garrard County from Jessamine several years ago and his body will be taken there for burial where he will be laid to rest in the Nicholasville Cemetery Friday.

CRUTCHFIELD.

Mr. John Crutchfield died at his home on Richmond street Friday evening of paralysis, in the 64th year of his life. After short services at his home Sunday morning, conducted by Eld. F. M. Tindler and Rev. Palmer, the body was taken to Lexington for burial. Mr. Crutchfield's home was originally in Lexington, having lived in Lancaster only two years, but in that time he made many warm friends. He was a man of scholarly attainments, his father having been one of the foremost educators of Fayette county, his education and polished manners were that of a "gentleman of the old school". Everyone respected him and liked him, and no man spoke evil of him. Two years ago he married Mrs. Belle Poore Scott, and his pleasantness in the social side of life was often remarked upon by his neighbors. He is survived by his wife and two sons, William Crutchfield, of Science Hill Ky, and John Crutchfield of Lexington.

STRONG CHARGE

TO GRAND JURY

JUDGE HARDIN ASKS INQUIRY ALONG MANY LINES.

J. N. Denny, Foreman.

Promptly at ten o'clock last Monday morning, with Judge Hardin on the bench and Commonwealth Attorney Emmet Puryear and County Attorney G. C. Walker, on hand to see that all violators of the law are properly punished, Circuit Court opened here for a three weeks term. After the usual formality of opening the court and the calling of the grand-jury was completed Judge Hardin in his own inimitable way, delivered one of the strongest charges to that body that he has ever delivered here, which but served to enhance the good opinion of Judge Hardin, held by the law abiding citizens of Garrard county. The charge dwelt upon the various crimes and placed particular stress upon the fact that the grand-jury should give due heed to public sentiment, which is always with the law aiding citizens of the county. He impressed upon the jury the importance of reverence and respect for law in the officials who are charged with the duty to put it in operation and the citizens whose duty it is to submit to its control. He said in part:

"All the great Presidents from Washington to President Wilson have in turn declared and stressed the importance of reverence for and obedience to the law, asserting that upon it depends the stability and life of all free governments. What is meant by law, is the whole body of our law covering felonies, misdemeanors, whether commonly breached by the powerful or weak, rich or poor, landlord or tenant, employer or employee, black or white. YOU CAN NOT FAIL TO RESPECT ANY PART OF THE LAW, WEAKENING THE WHOLE SYSTEM AND REPROACHING OUR FORM OF GOVERNMENT.

"We can but respect and honor the law when we understand that it is the corner stone of our government. Our government operates under a Constitution, which is the organic law of our country and we are governed by laws subject to the terms of the Constitution. Today as you sit in the Court room you are in the throne room of the law. We are not ruled by king or monarch, ours is a government of law. It is the law that wears the royal purple and holds the scepter. It is the sovereign will of a free people, incorporated. Law spells the very existence of society. It is its life. Without it, its life is unstable, chaotic and helpless. To possess dignity and command respect it must be imperative, universal, impartial and certain. THE INDIVIDUAL WHO BREAKS THE LAW IN WHAT EVER WAY OR MANNER, SHOULD BE MADE TO UNDERSTAND THAT HE IS RAISING HIS FEEBLE HAND AGAINST THE BODY OF THE PEOPLE, THE GOVERNMENT OF HIS STATE AND NATION. He is placing his tiny individual will against the collective judgment of the people. He is butting his little head against the foundation of a great government, a foundation which should be made adamant, immovable and sure. When a body of citizens rise up against the operation of law and are successful the foundation of a free government tremble, democracy is proving a failure. Unrestrained force and violence is taking the place of restrained force and order. The maddened and insane will, for the sane and deliberate will, mobocracy for democracy, there is a laying on of ruthless hands upon the foundation of government. The memory of those who fought and died that we might be free and govern ourselves is being profaned. Can it not be seen what we most need in this country is an awakened public conscience, and an enlightened and overwhelming sentiment for law abidingness. A determination upon those charged with the duty to see to its enforcement. Was not a long step taken in that direction when the brave hearts of Kentuckians were thrilled by the news of the Governor of our State passing swiftly through the night upon a special train and confronting an angry mob whose better selves had been sunk in the passions of the hour and standing between their anger and aroused passions and a cowering negro, who was no doubt guilty; saying the word and saying it fearlessly for the honor of his State and the majesty of the law; turning a fine people, no doubt, misguided by the passion aroused by crime, in tears to their quiet and halcyon homes, encircled by the protection of the very law they would have violated.

"The greatness of the act was not in saving the intended victim but staying frenzied hands lifted against their government to which they owed the allegiance of their lives and sacred honor for the constitution of our State, guarantees to each of her citizens an impartial trial by due process of law, and however reeking guilt, however heinous the crime, it was a dramatic scene a great occasion nobly met into the consciousness of the citizens of our State a sense of the law which is of an estimate of law abidingness able to be used as

a people. It is not easy to suggest to you, some pertinent things that go to the discredit of our nation and State, but we can only discharge well our duty as citizens and officials when the facts are made known.

"We as a nation have been shown by students of the question as not having proper respect for the law. You need but to look at the Worlds Almanac Encyclopedia for 1917 to find a record of our shame by one of our greatest statisticians. It is shown that the United States leads in homicides every civilized country in the world, including New Zealand, Jamaica and Japan, and in the last three or four decades up to the year 1913 homicides had been on the increase. If we stopped here the shock would be softened, but we have the statement of one of our distinguished Circuit Judges a few years back that not only did the United States lead the world but that Kentucky lead the United States, there being only two states in the Union having a higher percentage of homicides, population considered. It is suggested as a probable reason for our State showing practically no increase in population in the last twenty years when other States of less resources have gone forward by leaps and bounds. It is believed by many that it has kept millions of dollars of capital out of our state that would have otherwise been placed to develop our resources."

Judge Hardin pointed out at length the enormous cost that falls upon the taxpayer in prosecuting, housing and caring for the criminal, the awful significance of lawlessness in the destruction of body, soul and the up setting of the peace and order of society and the sweetness of the home. He then called attention to the sources and causes of crime, the making of the criminal. He quoted Thomas M. Kilbride, Secretary of State Board of Pardons of Illinois as saying that the three causes of crime in Illinois as being liquor, lust and gambling. He impressed at length the importance of investigating the blind tiger, disorderly house and the gambling houses. He said further that one of the most prolific causes of crime was the use of the cigarette by children and boys under 18 years of age. He quoted United States army certificates to show the breaking down of mental physical efficiency of young men because of the smoking of cigarettes. The crime record of the juvenile courts growing out of the habit and told quite a number of instances that had come under his own observation in the Court and pointed out the relation of that habit to lawlessness among the boys in the development of their criminal nature. He dwelt at length upon false swearing as one of the most prevalent crimes of the day and made it plain how it shielded the criminal and how it degraded the man guilty of it, and how demoralizing it was to the community which tolerated it. He touched upon the pistol toting habit and discussed fully the violation of the fish and game law and concluded his instructions by suggesting that by the certain and swift putting into operation the law depended and rested the highest good of society.

Greenup Man, Once All Run Down, Gets New Energy.

THANKS TANLAC FOR CHANGE

"I used to swell up like a frog after eating," said James Wayson, wharf-master at Greenup, Ky., "but that was before I started taking Tanlac. That bloated feeling took all the life out of me and made me tired and droopy. I didn't seem to have a bit of ambition. But it's different with me now. I sure feel fine."
"Before I took Tanlac I was eating practically nothing—just a little soup and milk now and then—my stomach wouldn't stand anything stronger. After eating—no matter what or how little—I belched and bloated. I was nervous and dizzy all the time."
"I dreaded for night to come. I couldn't sleep. I tossed about all night and woke up in the morning all tired out. I could barely stand on my feet during the day. I got discouraged. I didn't know what to do."
"A friend told me to try Tanlac. I hesitated at first, because I had tried many things and taken many tips from friends. But I got Tanlac on this friend's advice and I thank God that I did. It did the work."
"Today I am in fine health. I sleep fine and am not nervous a bit. I have a big appetite. So, you see, it's no wonder that I urge others who suffer as I did to get Tanlac right off."
If you are not feeling right get Tanlac today. Delay in health matters is dangerous.

Tanlac is being introduced in Lancaster at R. E. McRoberts.

Tanlac may be obtained in the nearby cities. Paint Lick, J. N. Metcalf; Bryansville, Becker & Ballard; Little Hickman, Collier and Bruner; Berea, S. E. Thirty-seven persons are believed to be dead and more than 150 injured at Newcastle and other points in Indiana by a tornado that swept over that State Sunday. The damage is estimated at close to \$1,000,000. The storm swept a path through Newcastle about two blocks wide and ten blocks long. About 300 houses were leveled. The South Side school building was destroyed as were also the rolling mill and shovel plant.

BUICK CARS SOLD

The popularity of the Buick car is growing rapidly and many sales are being made in this county by Bristow Conn, whose advertisement appears on the back page of this issue. His recent sales in this county were J. M. Edwards, G. A. Bowling and S. A. Hill.

TOBACCO WARE-

HOUSE CLOSES.

The local tobacco warehouse, managed by Billy Speith and Jake Grau, closed for the season after one of the most successful seasons in recent years. It will be very gratifying to the friends of these popular gentlemen to know that they will be in the same business here next year and will offer to the growers the highest market price for their crop.

ADDRESS TO FARMERS.

Mr. T. H. Collins, the District agent for Kentucky in co-operative extension work in Agriculture and Home Economics will address the farmers of this and adjoining counties, at the court house in Lancaster next county court day, which is Monday, March 20th, his subject being, "The Farmers' Future". The address will begin promptly at 1:30 o'clock and we predict for Mr. Collins a large and attentive audience.

U. S. SHIP SUNK.

The American steamship Algonquin, with ten Americans aboard, was sunk by a German submarine on March 12th, with a loss of vessel and cargo valued at \$1,700,000. All on board were saved although the submarine effected no help. Washington officials withheld comment, but the official view was that nothing in the incident changes the situation between the United States and Germany.

President Wilson already has taken steps to place the nation in a state of armed neutrality which, with the breaking of diplomatic relations with Germany, is practically the last measure possible short of war. American ships now are being armed to defend themselves against unlawful submarine attack. The general view to-day is that arming of ships is the only answer to submarine operations short of a declaration of war, which may be made only by congress.

Shake Off That Grip

When Spring comes, with its changeable weather and your exposure, it is best to clear away all the symptoms left after an attack of grip. That evil disease leaves you weakened, and when its victim attempts to "do his bit" he exposes himself to the risk of a second attack, for which he is less prepared, and which may have graver consequences.

There's Danger in Delay

April and May are pneumonia months. In this time a weakened system is a constant source of danger, for the pneumonia and grip infections are in the air, and after a long winter the body is so clogged with waste it cannot resist them. Fortify the health, remove the catarrh, and improve the digestion.

For Quick Relief PERUNA

This reliable tonic is recommended to remove the waste from the body, counteract the catarrhal poisons and allay the inflammation that is catarrh, restore the regular appetite and tone up the entire system to resist disease. A well man is safe.

As a tonic after grip it has won many commendations, while its effectiveness in catarrhal conditions is unquestioned. Take no chances—Take Peruna.

Peruna Tablets are always ready to take. You may carry a box with you and ward off colds and chill. The liquid medicine in your home is a great safeguard. Protect your family.

MOONLIGHT SCHOOL TEACHER IN WASHINGTON

R. E. Jagers, A Rural School Teacher of Hart County, Tells of His Trip To Washington In An Interesting Manner.

"I left Bowling Green, where I am enrolled as a student of the Western Kentucky State Normal, on Sunday, February 25. At Frankfort, the State Capital, I was met by a delegation, headed by Mrs. Cora Wilson Stewart, president, and the Hon. V. O. Gilbert, secretary-treasurer of the Kentucky Illiteracy Commission. This delegation greeted me and bade me 'God-speed' on my trip.

"My stay in Washington extended over one week, which was occupied in meeting the notables there and in seeing the wonderful sights of the most wonderful Capital in the world. I saw Congress in session and saw it die in the throes of the most noted filibusters in history. I saw the Supreme Court, Mount Vernon, the home of Washington, the Smithsonian Institute, the Corcoran Art Gallery, and finally sat in the grandstand and saw the inauguration of President Wilson for the second term.

"The moonlight schools, I found, were the pride of Kentucky's statesmen at Washington. Many other leaders in Congress are champions of the cause which Kentucky is leading.

"President Wilson was never busier during his life, and could not see many of the visitors then thronging the Capital, but he stopped amid the perplexities of the international crisis, and the stress of the closing days of Congress, to greet a moonlight school teacher. He has kept up with the progress of the work, and he said with great earnestness: 'The work of the moonlight schools is a wonderful work'. The President read with deep interest the letter which I presented to him from a young man, aged 21, who had learned to read and write within three weeks' time. He was much impressed with both the spirit and legibility of the letter.

Cham Clark, Speaker of the House of Representatives, simply bubbled over with enthusiasm on the subject of moonlight schools. It is one of his favorite themes, and he has made speeches on the subject from New York to California. He had made one in Washington a few evenings previous to my visit there. I was escorted to his office by the Hon. John W. Langley, and the Speaker sat down and talked to me as familiarly as if I had been a Congressman. 'The moonlight school work is the most wonderful work going on in the world, I believe' he said, and said it with a Champ Clark vim that left no doubt of his sincerity.

"Senator Ollie M. James is proud of the fact that moonlight schools originated in Kentucky. Senator James has a bill pending in Congress which is designed to wipe illiteracy out of the United States, and to do it after the Kentucky plan. The bill is popular and will pass, and it will give Kentucky another page in the country's history. Senator James believes in keeping Kentucky in the lead.

"Congressman Hughes, the veteran chairman of the Education Committee in the House of Representatives, met me with extreme cordiality. He has been an advocate of moonlight schools for several years, and through his and other influences has started a State-wide campaign against illiteracy in his native State of Georgia.

"One of the best-informed men in Washington on moonlight schools is Congressman Townner, of Iowa. He wrote a flattering report on the movement three years ago, and commended the plan to other States. His is the State that stands at the top of the scale of literacy, but he would like to see the other States move up the scale.

"Every one of Kentucky's Senators and Representatives is an ardent supporter of the moonlight schools. They have all given prizes in their districts and in the State at large, and have traveled at their own expense and made speeches for the cause, and they feel that it is every Kentuckian's duty to help.

"W. J. Fields, of the Ninth district, feels especial pride in the fact that the moonlight school originated in his district. He says that the demand upon him for literature from Rowan county exactly doubled after the 'operation' of the moonlight schools there. He has charge of the same bill in the House that Senator James is fathering in the Senate.

"The newspapers made much comment on the work while I was in Washington, all of it being favorable. I was interviewed, entertained and escorted and accorded every possible courtesy by the nation's leaders and the press.

"Finally, I was invited to stop in Lexington on my return as the guest of the Southern School Journal, the State educational organ. Here, with the genial editor, R. S. Eubank and Miss Mattie Dalton, I spent the last day of the most wonderful trip that any rural school teacher in the world ever had."

Form-a-Truck

Let these Men Be Your Judges

More than 10,000 users of Smith Form-a-Truck in over 450 lines of business are setting new economy standards—new records of delivery and hauling service. Let these men point out the way to you.

Many Smith Form-a-Truck users have bought large numbers. These operators of fleet equipment include many of the largest corporations. Look over the names:

Standard Oil Company
Armour & Company
Morris & Company
Indian Refining Company
Fleishmann Yeast Company

U. S. Mail Contractors
Schlitz Brewing Company
Butler Paper Company
Montgomery Ward & Co.

And every user of Smith Form-a-Truck who has started in a small way has added to his initial equipment to take care of increased business and the large delivery area opened by this fast, economical service.

These users have tried Smith Form-a-Truck out for you—have proved its remarkable strength—have demonstrated its sensationally low cost for operation. What it has done for them it can do for you.

Many users have reduced their investment in equipment fully 75%—by replacing slow-moving, time-wasting equipment with fast, money earning hauling power. They have reduced cost for labor, speeded up the work on the loading platform—made one hour do the work that previously took four.

Put your hauling problems up to us—let us demonstrate what we mean when we say economy. And select your own power plant for the Smith Form-a-Truck you buy—you can use any Ford, Maxwell, Dodge Bros., Buick, Chevrolet or Overland car. Come in today.

I am Smashing Prices For My Kentucky Home Folks

D. T. BOHON

Two Big New Bohon Books FREE Neighbors, Men and Women of Kentucky

Do you realize that you have right here at home, within a few miles of you, the biggest Vehicle Factory in the world selling direct to the user? Now we are also smashing prices on merchandise. We want you to have our two free books. We want you to know us. City men in the North said we would not succeed. Even here, close at home, the knockers got after us. Our price smashing frightened dealers and competitors and they got out their hammers.

We don't care. We don't mind that. We want you to come here, see our factory, see the finest vehicles in the world being made, visit with us. Get acquainted. Let's get all the truth. We are slashing prices because we cut out traveling men, dealers, hotel bills, jobbers, middlemen of all kinds.

We live in a little town down here and have neither city ways or city prices. We aren't stuck up. No cabarets or expensive city habits for us or our people. We live honest lives here among honest people where there are no saloons, no idle floating population, no high taxes. Our workmen are sturdy, clean people, the good old-fashioned, hard working kind, the true blood of old Kentucky. People from all over the world, from California, Maine and Florida buy of us because we give them more beautiful styles at lower prices. Get our free books and see. Come to visit us.

Bohon Buggies—60 Days' Trial

Every Blue Grass Buggy, everything we sell is shipped on 60 days' Free Road Test. Can you beat that? See what it means. You save \$25 to \$50 in first cost. Then you hitch to the buggy and try it. If it isn't the best buggy you ever saw for the money, we take it back and it costs you nothing. That gives you plenty of time to decide, to show the buggy to your neighbors, to compare it with what your dealer can offer. You take no chances. We do that. We can do it because we know we have the other fellow beat a mile on quality and price.

UNLIMITED GUARANTEE BACKED BY \$30,000 BANK BOND

See what that means. The buggy has got to be right. You are absolutely protected against any defects in quality of workmanship or material—not just for a few months or a year but as long as the buggy lasts.

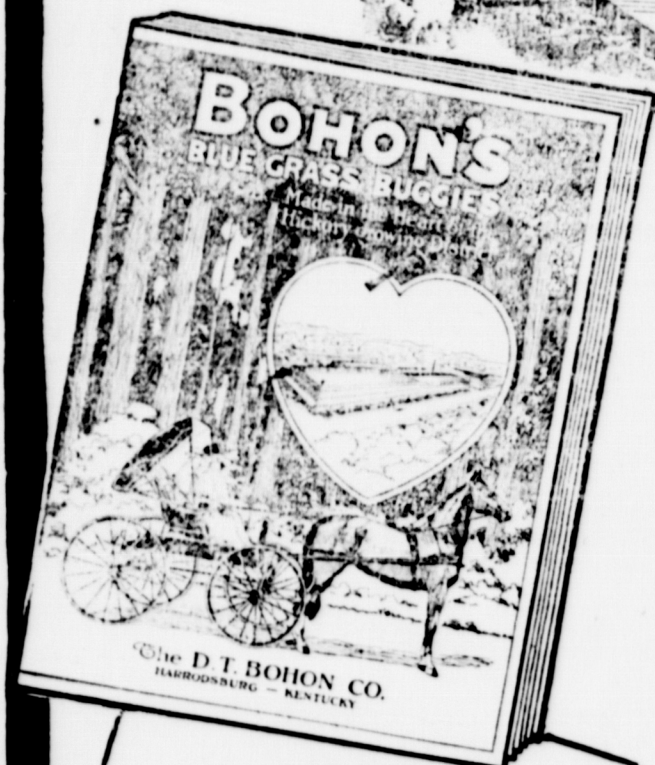

And we have backed up our guarantee. We have deposited with the Mercer National Bank of Harrodsburg our legal, binding bond for \$30,000 to make our guarantee absolutely good. You take no chances. We don't want you to take chances. We are here to save you money—lots of it.

Write For the Books—Come to See Us

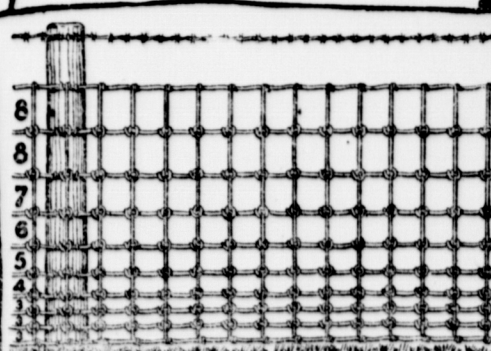

There are plenty of knockers against Bohon's plan. We have enemies, why not? We take the profits others have been making off you and give them back to you in lower prices. Don't take hearsay. Don't wait till you forget.

Do it now. It will only take a minute. A postcard will do. Write to Bohon for his two big free new books.

THE FOLLOWING IS TAKEN FROM THE HIGH SCHOOL BULLETIN.

Parents, what sort of books are your
children reading? This is a question to
provoke serious thought. Possibly
some investigation is necessary.

The Base Ball department also became
ambitious and announced that they
were in need of funds. They say they
need about \$30 for expenses. Altho we
have not had a real team for several
years, the boys think they can have a
good one this year.

The amount of space in this issue
given to the literary societies is in pro-
portion to the progress made by the or-
ganizations. The Students are learning
the correct thing to do in meetings.
The manner of speaking is improving.
The spirit toward the societies is fine.

Transylvania College offers awards
of fifteen, ten, and five dollars for first,
second and third choices of papers,
written by high school seniors, on the
subject: "Why Go to College". There
are about 1600 members of the senior
classes of over 200 high schools in the
state, who are eligible to enter this
contest.

The few days of spring weather last
week brought out much athletic enthu-
siasm. The Athletic Committee of the
boys club going to work with saw and
hammer turned out three sets of fairly
good hurdles. These the boys began to
break up but were stopped by the snow
which seems to have covered the athlet-
ic spirit for a while. When things thaw
out we hope to see the good work con-
tinue.

Commissioner Claxton's recent re-
port shows that 23,000,000 persons
were attending schools of some kind
in the United States in 1916. In other
words, about 24 percent of the inhab-
itants of this country were in school
last year. Similar reports show 19
percent in Great Britain, 17 in France,
20 in Germany, and 4 in Russia. How-
ever in these foreign countries the
average daily attendance is better and
the average school term longer than
in the United States.

A New Arithmetic.

"I am not much of a mathematician",
said the Cigarette, "but I can add to a
man's nervous troubles, I can subtract
from his physical energy, I can multi-

ply his aches and pains, I can divide
his mental powers, I take interest from
his work and discount his chances for
success."

School Attendance.

In Kentucky in 1916, reports show
that 18,633 were enrolled in high
schools, while in 1911 there were only
8,112. There is no better evidence
that the high school is becoming a
necessity and that high school training
is generally recognized as a part of
the necessary equipment of the future
citizen.

And it is just as interesting to note
that out of 1,879 graduates of last
year, 695 are attending college. While
these figures are low in comparison
with many other states, it is evident
that Kentucky is making progress.

Junior Audubon Class.

Pupils of the third and fourth grades
have organized a Junior Audubon Class.
By the use of the interesting and val-
uable literature, pictures and "Bird
Lore", obtained from the National As-
sociation of Audubon Societies, they
hope to learn much that is worth while
about the habits and characteristics of
our home birds. The motto of this
Society is "Protect Our Birds".

Mr. Claxton, U. S. Commissioner of
Education, says that the work of the
Junior Audubon Classes is very impor-
tant for its educational and economic
results.

A Creed For High School Pupils.

To be kind and gracious at all times;
to be thoughtful and not needlessly hurt
or offend anyone by word or deed; to be
honest in all dealings, including studies;
to be purposeful, always working with
a definite end in view; to take an active
part in all high school activities; to be
humble in success, taking defeat with-
out bitterness; to be optimistic and at
the same time to be determined to make
that optimism justified; to be democ-
ratic, judging people by themselves
and not their possessions; last, but not
by any means least, to put the best
there is in you into whatever you at-
tempt; these are the ideals which lead
to real success.

Are You Going To College?

As the school year nears a close one
of the big questions to settle is the
question as to whether the graduate
shall go to college. The following con-
crete facts from one of our exchanges
are worthy of consideration from the
standpoint of the money value of a col-
lege education. While this is important
it is the least that can be said of the
value of such training. There are values
of such tremendous import that dollars
and cents do not measure them.

"Of emigrant living Americans, 4 per
cent have been educated in high school,
10 per cent in the common schools, 1
per cent in normal schools, 71 per cent
in colleges."

"Careful statistics show that the av-
erage uneducated man earns \$1.50 a
day, or about \$450 a year. In 40 years
he earns \$18,000. The average high
school graduate earns \$1,000 a year. In
The 40 years he earns \$40,000. The dif-
ference in favor of the high school man
is \$22,000. To get this added amount he
spends 12 years in school, 9 months per
year, 20 days per month, or 2,160 days.
In other words he earns \$19 a day each
day in school.

"But a college education increases
one's earning capacity much more.
The United States Commissioner of
Education has said that a common
school education increases a man's pro-
ductive ability 50 per cent, a high
school training increases it 100 per cent
and a college training increases it from
200 to 300 per cent."

"An agricultural survey made in
New York State shows that a high
school education is worth as much to a
farmer a \$6,000 worth of 5 per cent
bonds, and that a college education is
worth nearly twice as much."

"THE LAND OF NOW"

EXPERIENCE AND EFFICIENCY COUNT IN ALL BUSINESS.

Our records for the past eight years show sales of more than 13,500 acres
of land, besides a large amount of town and city property and stocks of mer-
chandise, amounting to more than \$1,350,000.00 and this business was done to
the entire satisfaction of more than 500 clients and customers and they are my
references for "fair dealing."

From my experience in the business I know how, when, where and what
to advertise.

To the one who has property to sell—farm lands, city property, dwellings
lots or business property, merchandise or any real estate proposition, I solicit
your business, believing I can handle it to your entire satisfaction.

List your farm or other property with me now. I now have on hand a
long list of parties who are going to buy something somewhere and your prop-
erty may be just what I am looking for.

To the one who wants to invest, I solicit your patronage as I know values
and know that when you close a deal through me you will get "value received"
for your money.

I have on hand for sale at all times a Large Number of Farms, Dwellings
City Property not in the advertised list, as my list of property is constantly
changing, by sales, expirations renewals, listing new properties and some of
my best properties are not advertised at the request of the owners.

If you are a non-resident of Garrard County, write me and I will tell you
all about our County, its fertile soil, its products, market facilities, good roads,
schools and churches, of Lancaster and its business, its people and its growth.
The following is just a few of the properties I have on hand for sale now.
